Permit No. 1972-5
Supplemental Permit No. 75-155

Industrial Building Operations
26th and State Street - P. O. Box 578
Chicago Heights, Illinois 60411

ATTN: Mr. Leonard Swanson, Manager

Gentlemen:

Supplemental Permit is hereby granted to Industrial Building Operations to accept 20,000 gallons per week of oily liquid waste generated by Ford Motor Company, Chicago all in accordance with the plans prepared by Leonard A. Swanson, dated March 7, 1975 and March 10, 1975 and received by the Agency on March 11, 1975. This supplemental permit is further subject to the following special conditions:

1. This permit shall expire one year from the date of issuance, subject to renewal, upon prior approval of the Agency.
2. This waste shall be mixed with the incoming solid waste at a rate not to exceed 10 gal./yd³. If said rate creates operational problems due to the weather and/or waste character the disposal rate shall be reduced to meet existing conditions.
3. The subject waste may be spread on the onsite roads during hot and dry weather as a means of dust control. This method of disposal shall be conducted in a manner not to cause an onsite traffic problem and/or surface water pollution.

Except as modified in the above documents, the site shall be operated in accordance with the terms and conditions of Permit No. 1972-5 dated January 21, 1972.

Very truly yours,

ENVIRONMENTAL PROTECTION AGENCY
